

# Material Disclosure Table of Hazardous Substances or Elements

## Ministry of Information Industry Order #39

### B/BL Maxi Family

| Components  | Hazardous Substances |              |              |                                |                                |                                       |
|---|----------------------|--------------|--------------|--------------------------------|--------------------------------|---------------------------------------|
|   | Lead (Pb)            | Mercury (Hg) | Cadmium (Cd) | Chromium VI Compounds (Cr(VI)) | Polybrominated Biphenyls (PBB) | Polybrominated Diphenyl Ethers (PBDE) |
| Surface Mount Resistors   | X                    | O            | O            | O                              | O                              | O                                     |
| Solder Wire & Paste   | X                    | O            | O            | O                              | O                              | O                                     |
| High Temp Solder  | X                    | O            | O            | O                              | O                              | O                                     |
| External Terminations   | X                    | O            | O            | O                              | O                              | O                                     |
| Hazardous Substance table in accordance with standard SJ/T 11364-2014 |                      |              |              |                                |                                |                                       |

**O:** Indicates that the concentration of the hazardous substance in all homogeneous materials of the part is below the relevant threshold of the GB/T 26572 standard.

**X:** Indicates that the concentration of the hazardous substance in at least one homogeneous material of the part is above the relevant threshold of the GB/T 26572 standard.
