## Material Disclosure Table of Hazardous Substances or Elements Ministry of Information Industry Order #39

## VI-200 Family

| Components              | Hazardous Substances |              |              |                                   |                                   |  |
|-------------------------|----------------------|--------------|--------------|-----------------------------------|-----------------------------------|--|
|                         | Lead (Pb)            | Mercury (Hg) | Cadmium (Cd) | Chromium<br>VI Compounds (Cr(VI)) | Polybrominated<br>Biphenyls (PBB) | Polybrominated<br>Diphenyl Ethers (PBDE) |
| Surface Mount Resistors | Х                    | 0            | 0            | 0                                 | 0                                 | 0  |
| External Terminations   | Х                    | 0            | 0            | 0                                 | 0                                 | 0  |
| High Temp Solder        | X                    | 0            | 0            | 0                                 | 0                                 | 0  |

Hazardous Substance table in accordance with standard SJ/T 11364-2014

**O:** Indicates that the concentration of the hazardous substance in all homogeneous materials of the part is below the relevant threshold of the GB/T 26572 standard.

X: Indicates that the concentration of the hazardous substance in at least one homogeneous material of the part is above the relevant threshold of the GB/T 26572 standard.
